ABOUT ATELIER DAVIS

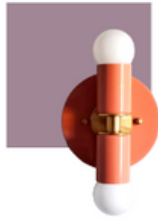

Atelier Davis is a full-service, multi-faceted design studio headed by Jessica Davis with offices in Atlanta, GA and Florham Park, NJ. The studio oversees residential and hospitality interiors, furniture, product and landscape design. As head of the firm, Jessica combines her talent for hand-sketching and space planning, enabling her to conjure up personalized plans for her clients. Atelier Davis is known for its ability to enhance the original bones of an interior with period specific finishes, while also modernizing spaces with an unexpected mix of furniture and decoration. The firm has worked on new-builds, commercial projects, restored Victorian gems, and taken mid-century modern homes into the present day. Atelier Davis' women-led team supports fellow working mothers, socially-conscious manufacturers and suppliers to create inspiring interiors.
