WELCOME TO OUR DINING ROOM!

Inspiration for the Room

Based on Melanie's recent travels to England & the Architecture of the house...

- English Grandma chic!
- What's old is new again
- Bringing the outdoors in with a custom wallcovering
- Unexpected color palette, inspired by classic Gucci colors - Pistachio and Burgundy

What are some fun facts / tidbits about this space?

- The wallcovering was enlarged to fit this exact space
- Custom lacquered dining table
- Vintage Sheraton dining chairs (sourced from an Antique Dealer in Savannah, GA) that were reupholstered in fresh fabrics
- Mix of custom + vintage pieces
- Unexpected drapery style in today's design world!
- Antique eye paintings - "Eye'm watching you!"

Anything else we should know?

- All fabrics, as well as the wallcovering, are from Schumacher
